COMING TO THE SHOW

A Number of Countries Have So Decided.

REPORTS SENT TO WASHINGTON.

Venezuela Will Prepare a Complete Exhibit of the Resources of Her Republic. Mexico Will Send an Exhibit That Will Surpass All Other Countries Except the United States—England and Spain Both Accept the Invitation to Participate. Other Washington News.

WASHINGTON, March 26. — Lieut. Roger Welles, of the United States navy, commissioner for the world's Columbian exposition to the republic of Venezuela, forwards an interesting report of his presentation to the president of Venezuela by the American minister. He reports that the president received him very cordially, and announced that Venezuela would accept the invitation of the United States to participate in the exposition. He also stated that commissioners would be appointed at once to prepare a complete exhibit of the resources of the republic.

The Two Republics, an English daily newspaper published in the city of Mexico, says with reference to the World's columbian exposition: "We are satisfied that Mexico will send an exhibit to Chicago that will surpass that of all other countries, excepting alone that of the United States, and on account of its novelty, one that will attract more attention even than that of the United States."

It is a curious fact that the first action taken by any foreign nation in connection with the celebration of the four hundredth anniversary of the discovery of America should be by the republic of Santo Domingo, on which was located the first settlement of Spaniards in the new world.

Capt. Nathan Appleton, a well known citizen of Boston, who is engaged in the construction of a railway in Santo Domingo, has been requested to take charge of a large number of the exhibits showing the resources of that republic. Capt. Appleton will also secure a loan collection of historic implements of stone and clay, idols, etc., made by the Indians before the arrival of Columbus, curios of the Spaniards, photographs of buildings, ruins, etc.

A dispatch from Minister Lincoln, received at the state department yesterday, stated that the English government had decided to take part in the world's fair.

A dispatch was also received stating that Spain would send an exhibit to the fair.

Carter Will Accept.

WASHINGTON, March 26.—It is understood that when ex-Representative Carter, of Montana, was in Washington several days ago the president tendered him the commissionership of the general land office. Without committing himself on the subject Mr. Carter went to New York to attend some private business. He will arrive in Washington and it is understood will accept the position.

The New Orleans Affair.

WASHINGTON, March 26.—Nothing new has occurred in the negotiations concerning the New Orleans affair between Secretary Blaine and the Italian government. Baron Fava, the Italian minister, did not call on Mr. Blaine yesterday, but he will do so when he receives instructions from his government.

Mr. Blair Will Go to China.

WASHINGTON, March 26.—Secretary Blaine said yesterday that ex-Senator Blair would go to China as United States minister. The secretary declined to say what instructions, or if any at all, had been given to Mr. Blair, but simply repeated his statement that Mr. Blair would go to China.

Not Heard From Chili.

WASHINGTON, March 26.—The state and navy departments are still ignorant of the state of affairs in Chili. It is believed at the departments that the telegraph and cable lines are cut or else the party in control has established a strict telegraphic censorship.

Piano Free of Duty.

WASHINGTON, March 26.—The treasury department has decided that a piano, which is used as a means of livlihood, can be imported duty free.

FELL FIVE HUNDRED FEET.

Four Men Meet Horrible Deaths in a Mining Shaft.

LYONS, Kan., March 26.—A horrible accident occurred at the Lyons Rock Salt company's mill, at this place, at 4 o'clock yesterday morning. Four men were descending the shaft in a bucket, when the traveler became loosened, and fell to the cage about 500 feet down the shaft. The four men in the bucket were instantly killed.

Two of the men had the backs of their heads cut off completely from their eyes to the base of the skull. Three were disemboweled. One was so badly mangled as to be almost unrecognizable. The names of them were: Thomas Beach, married; Nelson Van Brocklin, married, leaves wife and three children; Thomas McCandless, single; Fred. A. Miller, single.

Convict Killed by His Keeper.

FRANKFORT, Ky., March 26.—George Elliott, a six year convict in the Kentucky penitentiary, was shot and instantly killed at noon yesterday by his keeper. The convict attacked the guard, and in self-defense the latter shot and killed him instantly. Elliott is from Louisville.

CANTON, O., March 26.—J. A. Kiler, a prominent horse breeder and farmer of East Rochester, Columbiana county, has assigned. Assets, about $5,000; liabilities, $12,000.

KINCAID'S TRIAL.

Examination of Witnesses Begun in This Celebrated Case.

WASHINGTON, March 26.—The trial of Charles E. Kincaid for killing ex-Congressman Taulbee, of Kentucky, in the Capitol, was continued in the criminal court yesterday.

Samuel Donaldson, formerly doorkeeper of the house, who was with Taulbee when he was shot, was the first witness. He testified to his acquaintance with Taulbee and Kincaid. In reply to a question, to his purpose in meeting Taulbee on the day of the trouble, he said it was his purpose to get him away from Kincaid, as he had heard that they had some difficulty before and he wished to prevent further trouble.

Witness denied having told Miss Gilmore that Taulbee and Kincaid had had trouble and that Taulbee had pulled Kincaid's ear and told him to arm himself. He also denied telling her that if Kincaid had not killed Taulbee, Taulbee would have killed him.

Witness denied making the statement that he hoped that Kincaid would be convicted, and also of making threats in regard to the testimony he would give. Replying to further questions, witness described his meeting and conversation with Taulbee on the day of the shooting. He had met Taulbee in the corridor of the house of representatives and they had started down stairs together. Taulbee was a few steps in advance, and after going down a few steps Taulbee turned and asked him what he wanted. Kincaid was on the landing also, going down. As they stood together Kincaid turned and fired the fatal shot. Witness did not remember seeing any one else on the steps at the time, but saw Representatives Boutelle, Carlisle and Brown, of Indiana, at the foot of the stairs immediately after.

Harry E. Lovell, of Boston, testified to being in the Capitol on the day of the shooting. Witness was on the stair on which the shooting took place when it occurred. He heard some words, saw a flash, and heard the report of a pistol. Saw Taulbee throw up his hand and go down the stairs. Witness saw Kincaid give himself up to the police, and heard him say at the time that he was the man that shot Taulbee and had done so because he had insulted him. Witness did not know Kincaid but pointed him out in the court room as the man who did the shooting. Witness was cross-examined, but nothing new was developed.

Several other witnesses were examined and corroborated Mr. Donaldson's testimony as to the shooting of Taulbee.

Dr. J. W. Bayne, Taulbee's physician, testified as to the nature of the wound, and Dr. D. S. Lamp, who made the autopsy, was examined and described the wound as necessarily fatal.

Probably a Chicago Man.

NIAGARA FALLS, March 26.—There is now no doubt that the person who committed suicide by going over the falls one day last week, was J. L. Halik, of Chicago. Chief of Police Dinan has received a letter from W. J. Halik, No. 132 South Center street, Chicago, stating that he had no doubt that the missing man was his brother. Halik left Chicago on March 17 for New York, intending to sail for Bohemia to settle up the estate of his father, who had recently died.

Palmer's Election Ratified.

SPRINGFIELD, Ill., March 26. — The Democrats of Illinois yesterday ratified the election of Gen. Palmer to the United States senate. Senator-elect Palmer held a reception in the supreme court room in the morning, and in the afternoon the hall of the house of representatives was thrown open to the public and speeches were delivered by Gen. Black, Congressman Mansur, C. H. Jones, Gen. Palmer and others.

Burned to Death.

DANBURY, Conn., March 26.—John Langdon, an employe of the Danbury Gas company, was burned to death at the works last night. He accidentally upset a pail of condensation, a combustible material composed of tar and water, and the flame of a lantern which he carried ignited this. The clothing caught fire and he was so frightfully burned that he died a few hours later in terrible agony. He was single.

Coal Train Collides.

RICHMOND, Va., March 26.—Coal train 78, Conductor Stratton, collided with another train drawing empty cars between Rock Castle and Stokes early yesterday morning on the James river division, Chesapeake and Ohio road, causing the death of Firemen Mahone and Siegfried. Conductor Mosby, of the empty train, had his arm broken. Both engines and fifteen cars were badly damaged.

Ranks in the Sacred College.

NEW YORK, March 26.—The Rome correspondent of The Catholic News says that the recent death of several cardinals having considerably thinned the ranks of the Sacred college, it is confidentially stated that in the consistory to be held shortly after Easter the pope will create some five or six new cardinals. In the coming creation three of the five cardinals will certainly be Italians.

Lynchers' Foil.

MOUNT STERLING, Ky., March 26.—A crowd started toward the jail last night with the intention of hanging the Wiggingtons. They numbered about one hundred, but were met on the outskirts of the town by County Judge Lewis Apperson, who persuaded the majority to disperse. About twenty went to the jail, but were frightened away by the jailer and his deputies.

Texas Outlaws.

CLARKSVILLE, Tex., March 26.—A desperado named Cokestone and his gang were pursued and overtaken near here Tuesday by a sheriff's posse. In the skirmish that followed Officer Whitman was killed and Cokestone wounded. Two of the gang were captured, but Cokestone, the leader of the gang, made his escape.

OUR FLAG INSULTED

One of the Causes of the New Orleans Riot.

THE WORK OF THE MAFIA.

The Actions of the Hennessy Jury Regarded as a Victory Over the Laws of This Country, and Was Celebrated by a Number of Italians—A Letter to the President Called Out by the Recent Uprising.

NEW ORLEANS, March 26.—The report of the insult offered the American flag on the day the Hennessy verdict was rendered has created much indignation throughout the country, judging by the numerous letters received by the mayor from Grand Army posts and others respecting it. Mr. Shakspeare several days ago ordered an official investigation and the police have made a report which can be substantiated by many reputable witnesses. It shows the Mafia regarded the action of the jury as a signal victory over the law of this country. Here is the report:

About 4 o'clock Friday evening, March 13, a crowd of Italians numbering from forty to fifty men congregated on the levee head of Ursulines street. Three of them named Guiseppe Letere, A. Loncetta and Romana Torhitone, the latter a brother-in-law of James Caruso indicted as one of the assassins of Chief Hennessy entered a shanty at that place which is owned by Italian stevedores and used by them as a warehouse for baskets, flags, etc., for fruit ships and luggers, and took therefrom a number of flags, among them an American flag. Peter Cordis, the keeper of the shanty, made no effort to prevent the men from taking the flags. On a flagstaff attached to this shanty, the three men hoisted the flags, the Italian at the top and the American turned upside down below it. The affair created considerable excitement and a crowd soon gathered.

MORE LIGHT NEEDED.

A Shadow Thrown Over the Louisiana Electric Light Company.

NEW ORLEANS, March 26.—The Picayune prints some facts confirmatory of the charge that the records of the Louisiana Electric Light company were doctored to make it appear that the light at the corner of Basin and Girod streets was burning dimly at the time of the Hennessy assassination. Martin Gash, an employe of the company, recently discharged, was a witness before the grand jury. He said he was employed in making light reports.

After 11 o'clock on the night of the murder he personally saw the light on the corner of Basin and Girod streets and it was burning brightly. It was so stated in the report which he saw next day. At the end of the month Gash sealed the book with wire and placed it on a shelf over his desk. Mr. McGrath and the superintendent of the works were the only persons having access to the book. At the beginning of March he noticed that the book had been tampered with, the wire sealing broken. He examined the book and found the record had been changed so as to make it appear that the light at Girod and Basin streets was burning dimly up to 11:40, the time of the assassination.

On March 5 he turned the book over to Mr. McGrath. The next day he was called as a witness for the defense, but was not asked to bring the book. He suspected that he was wanted to testify in relation to the light and made up his mind to tell about the record being falsified. He was never called, however.

Signor Corte Called on to Report.

NEW ORLEANS, March 2[illegible].—Signor Corte, the Italian consul here, has received instructions from the Italian minister at Washington to report every detail of the investigation into the lynching of the Italians. The consul has asked to be summoned as a witness, and he will tell his story the first thing in the morning. Signor Corte believes the call for the meeting ought to be considered prima facia evidence against the gentlemen whose names are appended to it.

LETTER TO THE PRESIDENT.

The Needs of Stringent Immigration Inspection and Restriction.

WASHINGTON, March 26.—The following letter addressed to the president by William Hosea Ballou, the novelist, and who has been residing in New Orleans for several months, was received at the executive mansion yesterday:

"Your attention is directed to the menace to this country of a large element of foreign born people appealing to a foreign sovereign, for revenge by arms or diplomacy, on account of an act of the community of New Orleans.

"I submit that the presence of an immense body of foreigners within the United States, not in sympathy with the United States, our customs and laws, who, whatever the provocation, call upon a foreign country for aid, cannot be depended upon in time of National danger and war, and are a constant menace to our peace and safety. Washington is the place, and you alone are the representative of the sovereign people to whom appeal should be made by all claiming allegiance to this country.

"In view of these facts I suggest the need of stringent immigration inspection and restriction, otherwise foreign countries, hostile to us prospectively, will plant large bodies of men and women on this soil, who will breed others of their kind, and who will rise again the whenever called upon by the government from which they came, while professing quasi-allegiance to the United States. While we may regard with pride all foreign-American patriots, the time has come to distrust all who look to a foreign country for protection, while claiming loyalty to this country."

KANSAS SNOW STORM.

The Severest One in Ten Years Now Raging Over the State.

ATCHISON, Kan., March 26.—The severest snow storm Kansas has known in ten years is now raging in the western part of the state. It began Tuesday and the snow is more than a foot deep on a level, and a high wind has drifted it badly in places. The central branch division of the Missouri Pacific has not turned a wheel for twenty-four hours. A number of trains are laid out between stations. The company is compelled to supply the passengers and crews with food, which is accomplished with difficulty as the highways are almost impassable.

Yesterday afternoon a snow plow was started from one of the division points to rescue a passenger train, but the drifting snow closed in behind it and it was finally abandoned in the drift. The snow traveled eastward yesterday afternoon, and the entire northern half of the state, except the eastern border, is covered with a blanket of snow.

Cattle Driven Before the Storm.

KANSAS CITY, March 26.—A special to The Journal from Wichita, Kan., says: Capt. John Huison, an extensive cattle dealer, arrived here and reports a terrific snow storm prevailing in the Texas Panhandle. He says cattle are being driven before the storm like cotton, and that the losses to stock owners will necessarily be very heavy.

Distress Among Live Stock.

ST. LOUIS, March 26.—Dispatches from New Mexico report a great deal of distress among cattle, sheep and other live stock in that territory. Representative Frank Hubbel, who has just returned to Albuquerque from his sheep ranch, near the Zuni Salt Lakes, Socorro county, tells a distressing story about the condition of the sheep. He has lost in the past few months over 10,000 head from freezing and starvation, and also reports that the loss is general among all the heavy sheep owners. The weather has been cold, and the ground is covered with snow so that the sheep cannot eat. He says he has never experienced such weather as the last two months.

WASTE BASKET EVIDENCE.

Report on the Senatorial Bribery Investigation.

SACRAMENTO, March 26.—The senate and assembly joint committee appointed to investigate the contents of the waste basket found in the state library, presented its report yesterday evening. It finds that the money wrappers found in the basket had covered greenbacks drawn from the Fresno bank and from there sent to the Crocker-Woolworth bank, of San Francisco. The money had been paid by the latter bank to John H. Jones, messenger of the Southern Pacific railroad. It finds that the total amount drawn by Jones was $7,500 and that this amount must have been brought to the state capitol within twelve hours from the time it was drawn from the Crocker-Woolworth bank.

The report says that some torn papers belonging to Assemblyman Dibble were found in the waste basket and that he and Assemblyman Marion had been in the private room of the state library for forty-five minutes prior to the finding of the wrappers. The state librarian and his assistant were the only other persons in the library prior to the discovery of the wrappers.

The report concludes: "The committee found that nothing to show that the $7,500 in currency was used in any manner to influence any member of the legislature in reference to the senatorial contest and if the money was improperly used before the legislature the committee is unable to state for what purpose it was used."

The committee recommends that the original exhibits be turned over to the governor for whatever action he may deem proper. The sheriff and detectives have been looking for Jones, but as yet have been unable to locate him.

Mr. Preston yesterday introduced a resolution in the senate requesting the attorney general to turn over the evidence found in the waste basket of the state library office to the grand jury for further investigation. After a long debate the motion was referred to the judiciary committee.

A MIDNIGHT WRECK.

One Life Lost and Much Property Destroyed by Fire.

MILWAUKEE, March 26.—A serious wreck occurred on the Northwestern road at Racine junction, Tuesday night, by which one man was killed, two dangerously hurt and three others more or less injured. A mail car, baggage car and five freight cars were destroyed by fire. The pecuniary loss is estimated at $50,000. The collision occurred at midnight between a northbound Chicago and Northwestern passenger train and a southbound freight train on the same line. The latter train consisted of sixty-four cars, and was under such headway that it could not be checked sufficiently to allow side tracking. Both trains came together on the main track at the depot with the above result.

The Victims.

Following is a list of the victims:

Willis Andrews, of Fond du Lac, fireman on freight train, killed.

Martin Rae, of Milwaukee, freight engineer, probably fatally injured.

Dennis E. Burke, of Milwaukee, passenger engineer, dangerously injured.

L. T. Desilva, of Chicago, express messenger, badly bruised.

John Grobben, of Milwaukee, passenger fireman, badly scalded.

J. Power, of Evanston, Ill., assistant express messenger, burned and cut.

Impaled on a Switch Stand.

MARION, O., March 26.—J. N. Cramer, a well known Erie conductor, jumped from an engine and was impaled on a switch stand. The iron penetrated his thigh six inches, and he was held there until rescued.

OHIO LEGISLATURE.

Proceedings of Both Branches of the General Assembly.

MALLON'S WIRE BILL PASSED.

The Senate Takes Up Buchanan's Electoral Bill and Refers It to a Committee of One—The House Passes the General Appropriation Bill — Other Buckeye Dispatches.

COLUMBUS, O., March 26.—The senate passed Mallon's bill authorizing telephone companies to place wires underground after obtaining consent of city authorities.

McMakin's bill requiring railroad companies to build and keep in repair highway crossings also passed the senate.

The Buchanan electoral bill then came up in the senate. Had the Republicans all been present they would have been able to kill it, but there were a number of absentees and the Democrats had the bill referred to a select committee of one, with leave to report at any time. Mr. Buchanan is such committee.

The taxation amendment resolution was then taken up. Oren sought to have the amendment amended so as to provide that the legislature can provide for the exemption of mortgaged real estate to the amount of the mortgaged indebtedness, but the senate rejected Mr. Oren's proposition. The resolution was then postponed until 4 o'clock.

The senate then passed Corcoran's bill requiring the stationery storekeepers' bills to be approved by the county commissioners, instead of the board of control. Senator Schneider tried to have the bill amended so as to provide that the storekeeper should be appointed by the commissioners instead of by the county clerk, but it was defeated by a party vote.

Wallace's Federal plan bill for Columbus was read the third time, and was under consideration when the senate adjourned.

At the afternoon session the Columbus bill was taken up and after a number of long and bitter political discussions it was put on its passage and declared lost because it lacked four votes of a constitutional majority. The vote stood 15 yeas to 10 nays, Mr. Wallace voting with the Republicans.

Senator Cleveland introduced a bill to extend the time of killing quail and squirrel five days, and prevent the shipping of the same from the state.

The house immediately resumed consideration of the general appropriations bill. An amendment was adopted appropriating $4,000 for the purchase of a car for transporting fish for stocking streams and $2,500 for the expense of such transportation. Dr. Eakins, of Gallia, moved an amendment, making an appropriation of $65,000 for the epileptic asylum at Gallipolis. Mr. Donavin wanted to amend the amendment by inserting $10,000 in lieu of the amount named. These amendments were under discussion when the house recessed.

The discussion on the appropriation for the Gallipolis asylum was continued in the house all afternoon. Mr. Hunt made a strong speech against the proposition, but the amendment providing for $10,000 was adopted by a vote of 62 to 26. This was a victory for Gallipolis people, but pending the consideration of the general appropriation bill the fight was renewed. Mr. Benzie raised a point of order that as an appropriation of $10,000 was not provided for by law therefore, under the constitution, it required a two-thirds vote to be passed. The speaker held the point not well taken, construing the law creating a commission and institution as providing for the erection of the building. An appeal was taken and the chair sustained. The asylum appropriation was then passed by a vote of 76 to 11, and the whole appropriation bill by a vote of 68 to 2. The senate will now wrestle with the appropriation bill.

Three Fatalities Within a Few Hours.

SPRINGFIELD, O., March 26.—There has been a startling list of fatalities here in the last twenty-four hours. William Woods working at the shops of the O. S. Kelley company, was struck in the head yesterday morning by a piece of emery wheel, which burst and instantly killed him.

John McCarthy, yard foreman of the Big Four, while watching two colored females fighting, fell off the end of a box car and was ground to pieces. He had been married but five months.

William Richards, 17 years old, attempted to couple cars yesterday morning in the Big Four yards and was probably fatally injured.

New Incorporations.

COLUMBUS, O., March 26.—Articles of incorporation were filed in the office of the secretary of state yesterday: The George L. Conn Foundry company, Steubenville, capital stock, $10,000; the New Comerstown Lodge No. 145, I. O. O. F., New Comerstown; The Poplar Hill Cemetery association, Vandalia; the Consolidated Cambridge Coal company, Elyria, capital stock, $[illegible]; the Western Reserve Building and Loan company, Cleveland, capital stock, $50,000; the Massillon Athletic association, Massillon; the Steuben Hunting and Fishing club, Steubenville.

State Senator's Wife Dead.

MILFORD, O., March 26.—Mrs. John M. Pattison, wife of Senator and Congressman-elect Pattison, president of the Union Central Life Insurance company, died at her home here at 8 o'clock yesterday morning. She was 35 years of age and leaves four young children. Mrs. Pattison was the second daughter of Professor William G. Williams, of Delaware university, and her elder sister is the wife of ex-Governor Hamilton, of Illinois.

Young Girl Burned to Death.

KENT, O., March 26.—Effie, the 13-year-old daughter of Joseph Nash, was fatally burned at noon yesterday. Her clothing caught fire from burning rubbish, and before assistance arrived she was entirely consumed, burning her body to a crisp. She died at 7 o'clock last night.

Royal Baking Powder

ABSOLUTELY PURE

Fatal Shooting at Ironton, O.

IRONTON, O., March 26.—Arthur Haney and Sam. Kyle had a difficulty Tuesday night at 8 o'clock, when the former shot the latter through the right lung, supposed mortally. Haney was arrested. Kyle has not spoken since the shot.

The Elliotts Must Stand Trial.

COLUMBUS, O., March 26. — Judge Duncan overruled the demurrers to the indictments in the Elliott murder case and they will be arraigned this week.

THE BALFOUR FUND.

Not One Farthing of It Ever Received by the Destitute.

BOSTON, March 26.—Mr. William Lloyd Garrison, who has been raising funds for the starving people on the west coast of Ireland, furnishes the following extract from a letter, sent to him by Miss Sophie Sturgey, who is entrusted with the distribution of the funds in Connemara:

"You will hardly believe me when I tell you that not one farthing of the large fund of Mr. Balfour has been received by the people, but for our private work many must have died from famine. All the government officials send their cases to us, poor law officers, police magistrates, besides the priests and doctors. The people are clamoring for food and work and we find that we cannot supply the increasing need. We have organized our work so far that only aged, and those who have no able-bodied helper, and the sick receive food, but the increasing number of these districts are clamoring for help. It is a most deplorable state of things."

Alleges a Conspiracy.

TOLEDO, O., March 26.—Secretary Foster yesterday filed in the United States circuit court a petition to remove Watson H. Brown, receiver of the Cincinnati, Jackson and Mackinaw railroad, in the case of the Central Trust company, of New York, against it in this court for the foreclosure of a large mortgage. Foster is a stockholder, and for himself and others asks protection of the court from a conspiracy, as he alleges, by the board of directors of the company, which, he alleges, are in a conspiracy with Wall street speculators to wreck the road and buy it far below its real value.

Well Known Attorney Dead.

CINCINNATI, March 26.—Rufus King, the well-known attorney, died at his residence, 95 East Third street, between 6 and 7 a. m. yesterday, age 74. About a year ago he had a severe attack of la grippe, and never fully recovered. Bright's disease was the immediate cause of death. He was a member of the firm of King, Thompson & Richards attorneys, with office in the chamber of commerce building.

Ex-Banker Indicted.

CHICAGO, March 25.—The grand jury yesterday found a true bill against ex-Banker S. A. Kean, charging him with having, as a banker received money on deposit when he was insolvent.

ON THE NORTH CAROLINA COAST.

British Steamer Goes Ashore—Nineteen of Her Crew Drowned.

WASHINGTON, March 26.—The British steamer Strathairly is ashore below Chickamicomico life station, on North Carolina coast. Nineteen out of the crew of twenty-six were drowned, including all officers except second mate. The steamer is a total loss.

The Strathairly went ashore Tuesday at 4:30 o'clock during a heavy northeaster. Those who were saved owe their lives to the brave life-savers, and it is thought that all would have been saved if they could have remained on the wreck, but the heavy sea washed them away before the rescuing crew arrived. The vessel is fast going to pieces, and little will remain of her when the weather clears.

The Strathairly is a wooden vessel, and was built in Newcastle, England. She is schooner-rigged, and was engaged in the trade between the West Indies and Baltimore. On this trip she was bound from Santiago, Cuba.

Since the loss of the German ship Elizabeth and her crew, some four years ago, no such serious wreck has taken place on the North Carolina coast.

Celebrated Her Hundredth Birthday.

DEFIANCE, O., March 26.—The one hundredth anniversary of the birth of Mrs. Hannah Winship Boutelle was celebrated at the residence of Mr. and Mrs. E. J. Webb, in this city, yesterday. Mrs. Boutelle was born in Woodburn, Mass., March 26, 1791. She was married to John Boutelle Oct. 21, 1812. Six children resulted from the union, three sons and three daughters.

Two Miners Blown to Pieces.

CALUMET, Mich., March 26.—Two miners were blown to pieces in the bottom of the Tamarack mine, No. 1 shaft last night. The men had fired one blast and had gone into the drift to fire a second charge. Samuel Hockina, one of the victims, was married, and leaves a widow and four children. Fred. Lawrence, the other was single. The cause of the explosion is unknown.

Bezenah Still Lives.

CINCINNATI, March 26.—Bezenah, the prize fighter that was shot in a George street house of ill-fame Monday evening by Kid Dugan, is still alive at the Cincinnati hospital. His physcians think there is a bare chance for recovery.

Flood in the Merrimac River.

HAVERHILL, Mass., March 26.—The water in the Merrimac river is higher at this point than at any time the present season. Wharves are under water and the basements of buildings along the river front are flooded. The Merrimac and the Little rivers are still rising and fears are entertained that much damage will ensue.

Gambler Killed.

OMAHA, March 26.—A gang of gamblers, supposed to be Doc Middleton's gang, went to Covington, Neb., Tuesday night and opened up a room. Yesterday morning they killed John Peyton, a gambler, and fled. The sheriff is in pursuit.

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure, and is the best of its kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. So that from the time of purchase until Hood's Sarsaparilla is prepared, everything is carefully watched with a view to attaining the best result. Why don't you try it?

URBANA is humping herself and proposes to increase her industrial prosperity, whatever be the cost. It is to be done through the Urbana Improvement Company.

THE grip is exceedingly prevalent again. If the attacked will exercise due care, besides taking the remedies prescribed by physicians, there is no great danger. Its visitations are decidedly annoying, however, and threatening where patients are careless about exposure.

WE occasionally refer to neighboring cities who have raised funds to promote their manufacturing interests Last year Sidney bonded herself for $100,000 for that purpose, and since then has added six factories employing over 300 men in all, and have yet one half of the fund left for further development. This is the way our neighbors are moving along. Marion has her board of trade, but about all that has been accomplished so far is the belly-aching whines of a few members because the STAR doesn't stop publication. Though we have an splendid membership in the board of trade we fear it is to prove a disappointment. We hope not.

MORE ABOUT THE OPERA

Some Advance Pointers Regarding the W. R. C. Production of Pinafore.

"Hello, Hall, how is the opera matter progressing?"

A STAR man in making the rounds among the Knights of the Grip at Hotel Marion this morning thus accosted the advance business representative of the Pinafore people.

"Quite nicely, thank you. I think everything looks very favorable," was answered.

"When will the opera be produced?"

"I think about the 21st or 22d of April."

"Have the principals been selected yet?"

"No, there have been several names recommended for the parts, and also for the choruses, but that will all be determined after Prof. or Madame Gruendler, or both, have met the singers and become acquainted with their voices. I think there are several fine voices in Marion that would be heard to excellent advantage in the beautiful and expressive solos and sparkling chorus music of this most beautiful of all of Gilbert and Sullivan's works."

"When will rehearsals be commenced?"

"That will be announced at the meeting in the parlors of the Hotel Marion tonight by Prof. Gruendler, who will there meet a number of the singers and musical people of the city."

"Who are these people—Prof. and Mrs. Gruendler, professionally?"

"Professor Gruendler is a graduate of Leipsic Conservatory and a man of about twelve years experience in this country as director of music in the best operatic and dramatic organizations traveling—the last, I think, was the Patti Rosa company when playing 'Zip' and 'Bob.'"

As to Mrs. Gruendler, she is a lady of nine years operatic experience, four of them as second prima donna of the Wilbur Opera Company during its palmiest days.

Richard Stahl, the eminent opera composer of 'Said Pasha' and 'Sea King' fame as well as Manager Wilbur himself, have both pronounced her characterization of 'Little Buttercup' the finest they had ever seen on our American stage."

"How many other voices will you use in the opera?"

"There will be two lady soloists, four or five gentlemen, and a chorus ranging from 30 to 50 voices, male and female. The younger class of girls always make a pretty chorus, as well also the young gentlemen, and they are always praised very highly in the cities where Pinafore has been produced with their assistance."

Wishing the W. R. C. and the opera people success in their enterprise, the scribe withdrew, accepting a cordial invitation to be present at the meeting in the evening.

Beverly S. Rust and wife, of Lima, were in the city this morning, having stopped off here on their way to Richwood. The ever clever Bev. seems to prosper in the Oil City.

Mrs. Hebel, wife of S. Hebel, of Hebel & Co., milliners, has arrived in the city. The goods for the new firm are being unpacked and arranged in the room formerly occupied by R. Mincer, the optician.

Mrs. H. V. Olney and little son, Kahn, of Van Wert, are guests of Mr. and Mrs. B. Olney. Miss Clara, eldest daughter of Mrs. Olney, of the Delaware Institute, is also here and will remain during her vacation.

The balance of the Goose Creek improvement was sold today, engineer Scott having almost completed the sales up to 2 o'clock. Goose Creek will soon be on the way to the improvement that suffering citizens in the valley have long prayed for.

The STAR was extended the courtesy of a look through Mr. Huber's elegant new residence this morning. Though not completed by any means, one begins to get an idea of its surpassing richness in finish, and its arrangement and convenience can be appreciatingly admired. Mr. Huber hopes to have the new home ready for occupancy by May 1st.

An article of true merit is sure to attract the attention of consumers by its superiority and of imitators by its success. The Cleveland Co., through their agent, J. W. BONNER OR BERNARD?

The Fleeing Veterinary Surgeon Bound Over To Court—Another Hearing To Be Given Him.

There was a crowded court room at 'Squire Alston's office Wednesday afternoon when Dr. H. L. Bonner, the veterinary surgeon, was given a hearing on the charge of obtaining goods with intent to defraud. Attorney W. E. Scofield appeared for the prosecution while Johnston & Young conducted the defense.

Bonner plead not guilty to the charge, but the 'Squire thought it advisable to bind him over to court in the sum of $200. The bond was not given and Bonner was returned to the county jail. He is to have another hearing Saturday, however, a hearing before the probate court, the law providing such a resource for the accused. There is considerable doubt about any penalty being possible under the circumstances.

An interesting thing was Bonner's slip of the tongue in testifying as to his name. In answering what his name was he said "Harry L. Bern—then catching himself—Bonner." Attorney Scofield took advantage of the slip and asked if his name was not Bernard and if he had not lived in Defiance under that name. The prisoner swore that he had never done either, though the proof is quite strong that he did both.

It is developed that Bonner's indebtedness is quite extensive, though he made money, and his is evidently a thoroughly premeditated case to defraud. It is little satisfaction to those he has beaten to feel that the hold on him is so slender.

"Struck Gas."

On Wednesday, April 1st, this most decidedly humorous and funny farce comedy will be presented at Music Hall, and no doubt all lovers of fun will attend. "Struck Gas" is a comical satire on the late gas boom and craze in Indiana and Ohio, and abounds in a quantity of all the latest and best musical selections, songs and dances. Laughter reigns supreme, and for pure and unadulterated fun, "Struck Gas" stands first as a funny entertainment. Among the pretty and charming girls in the company we have that delightful and charming comedienne, little Lillian Harper, and a supporting company of popular comedians. All should avail themselves of this opportunity and see "Struck Gas."

Under the head "Marion's Luck," the Delaware Gazette says: "The famous singer, Mrs. Genevra Johnstone-Bishop, tendered an invitation to Mr. Fred Jones as leader of the O. W. U. Glee, Mandolin and Banjo Clubs to give a concert with her in Marion, O., she to take the part of soloist. We understand the offer has been accepted and the concert will be given in Marion during the spring term of college, the definite date to be determined later."

Mrs. Oliver Lindsay, wife of the well known farmer of Scott township, died at their home near Likins Chapel Wednesday night. Mrs. Lindsay has been in poor health for a number of years, and her death is attributable to a complication of diseases. She was a little over 50 years of age, the mother of five children and a much loved woman The funeral takes place from the house on Friday at 11 o'clock, the burial being made at the Likins' cemetery.

With a local editor sick, a reporter crazed with toothache and the force of printers more or less "gripped," this office is somewhat knocked out, but all discouragement is dispelled by a remembrance of the Georgia editor who wrote: "We have been down with the grippe three days, but we are feeling quite cheerful, as we own a lot in a cemetery and the coffin factory owes us $10 for an advertisement."

Erie Engineer Mike Ricksicker was assaulted at the back door of his home in Galion last Saturday night, just after drawing his month's salary. Though the popular and powerful engineer had two guns stuck in his face he managed to knock the two assailants down and while he slipped in the house for a revolver they fled. There is no identity.

Squire Payne had a quiet marriage at his office this forenoon, the contracting parties being Elmer Keller and Miss Anna Fengler, of the western portion of Claridon township. The Squire tied the nuptial knot and sent the happy pair to receive the congratulations of friends.

Mrs. Genevra Johnstone Bishop was the guest of her parents here Wednesday and a part of today. Mrs. Bishop sang at Delaware Monday night and Springfield Tuesday night and will [illegible] where she will sing on Friday night.

Personal.

Dear Bro. Meek, Ed. "The Central Methodist," Catlettsburg, Ky.

I see in the last "Central" that you want a sick headache remedy. I suffered from sick headache, almost from infancy, and tried every remedy I could get, but never found anything to do me good until I used Simmons Liver Regulator. I feel for anyone that suffers with that terrible disease, and I hope you will give it a trial.

Woman has been compelled to suffer, not only her own ills, but those arising from a want of knowledge on the part of those with whom she stands connected. In the mansions of the rich and hovels of the poor, woman has been alike the patient victim of ills unknown to man. But now the hour of her redemption has come. Bradfield's Female Regulator cures all diseases peculiar to her sex. Sold at Flocken's drug store.

Do Not Suffer Any Longer.

Knowing that a cough can be checked in a day, and the first stages of consumption broken in a week, we hereby guarantee Dr. Acker's English Cough Remedy, and will refund the money to all who buy, take it as per directions, and do not find our statement correct. Sold by H. C. Hoberman & Co. and W. B. Foye.

Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequaled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free. Sold and guaranteed by Denison & Co. and Hoberman & Co.

WHAT IS

SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"My daughter Mary was afflicted with scrofulous sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Nauright, N. J.

Strange Revolution in Women's Dress.

Some predict that the great change in the fashioning of the clothes which are to be worn by women this coming season is the most wonderful victory of the nineteenth century—if fashion leaders can be induced to adopt it, and appear just once in public so arrayed.

Men will hold their breath in wonder at the marvelous change it makes in lovely women. "Few of the fair sex can help being beautiful in these glove-fitting costumes," says a writer in a recent number of the New York and Paris Young Ladies' Fashion Bazar. "This magazine is the only one in Europe or America which makes a specialty of giving those inclined to stoutness an unrivaled appearance of sculptured slimness," said Her Royal Highness the Princess of Wales. Madame Patti has ordered from the Paris house four magnificent costumes, the designs of which appear in the April number of this Fashion Bazar—and in this magazine only.

Mrs. Harrison is greatly fascinated with the exquisite gem, costume No. 4, in the April number. It is expected she will give an order for an exact counterpart of it, the whole front of which will be incrusted with pin-head diamonds. This gown alone will be worth a king's ransom.

A Pleasing Production.

George C. Staley and his Royal Pass company played to an enthusiastic and delighted house at Music Hall last night.

The play is cleverly plotted and is full of very pleasing things, nice comedy, rich fun, startling situations and bright songs. Mr. Staley and company know how to present it, too. Staley deserves a high rank among German comedians, for his make-up is good, his singing pleasing and his acting strong. He has very able support in Miss Blair, the supposed deaf mute, Miss Foley as Hulda and Messrs. Edmonds and Montserrat as Jarrawitz and Zotoff. The others of the company rounded out the cast very nicely, and all in all the audience was greatly pleased. If the amusement loving public could always have such attractions as the Royal Pass there would be cause for much rejoicing. We hope Staley and his company will favor us with a return date whenever it is convenient.

It's an Old Saying

That when a newspaper springs into life, "it has come to supply a long felt want" and the saying will apply to the new "Buckeye" interchangeable 1000 mile tickets, recently placed on sale by the Columbus, Hocking Valley and Toledo railway. They are sold at the low rate of $20, and are good over twelve different railroads. Commercial men and others will find them very convenient. For further particulars write or call upon W. H. Fisher, general passenger agent, Columbus, Ohio.

Good Friday Services.

On Good Friday there will be, at the Episcopal church, service in commemoration of the three hours' agony of our Lord upon the cross. Service will last from 12 m. to 3 p. m., and consist of hymns, prayers or meditations upon the seven words spoken from the cross.

J. [illegible] Q. Donahoo, Rector.

Take Notice!

All persons indebted to Marion Cemetery for lot work, etc., are requested to call and settle before April 1st. You can pay Mr. Wilson at cemetery or at H. C. Hoberman & Co's drug store. These small bills must be paid or there will be no more work done on such lots until these bills are settled. 92tf

Something New About Carpets

Do You Need—Are you going to buy any Carpets this season?
Do You Want to select from an assortment such as can be seen only in large cities?
Do You Want the latest and choicest styles?
Do You Want nice clean goods, fresh from the looms?
Do You Want your Carpet cut without waste?
Do You Want your Carpet sewed ready to lay?
Do You Want any kind of Brussels, Velvets, Wilton Velvets, Moquettes, in the choicest designs, made up with Beautiful Match Borders, in first class style?

AND ABOVE ALL

Do You Want to pay less than you have been paying elsewhere for old goods carried in stock from year to year?

THEN COME TO SEE US!

Our plan of selling Carpets enables us to offer all these advantages and give you better value for your dollar than any other house here has ever been able to do. Cutting All Carpets Without Waste saves you several dollars on each carpet. You have the advantage of city assortment, city prices, city styles, city that is expert workmanship in sewing and bordering. We guarantee satisfaction. Prompt service is one of our distinguished features. No shelf-worn stock; no time-worn styles, no soiled goods or job-lots. Sorry we are short of space—but come to see us and we will explain fully why we can undersell competitors and yet give you better value.
